Looking Ahead to 2024-2025

It is hard to imagine that in just over 4 weeks the quiet and calm in the halls at Prince of Peace will be replaced once again with the excitement and joy of laughter and stories from the summer, as well as raising praises to their most gracious God in song and voice. Even harder to imagine is that we will be welcoming another record enrollment, adding 34 new students to our PoP family and are aiming to break ground this fall. May God continue to bless us as we begin another school year under His grace and mercy. Check out page two for some noteworthy updates/add-ons in 2024-2025!

NEW SEL Curriculum: Thrive Time

We are happy to announce that we will be aiming to incorporate Thrive Time, an in-depth [curriculum](#) to help children, parents, and teachers understand how to regulate thoughts and emotions and understand their identity development - all through the lens of The Word. This new curriculum will begin to be introduced this school year followed by a more comprehensive adoption by all grade levels in the years to come. We are excited at the opportunity to continue to improve our course offerings at Prince of Peace and follow through on assisting parents in the training of their children, not just academically, but the whole child of God.

AFTER SCHOOL CLUB OPPORTUNITIES AT PRINCE OF PEACE

We once again had a successful year of clubs at Prince of Peace. Our students continue to shine using their abilities in a variety of ways.

If you are interested in leading a group of students in an after school club once a week for 4-6 weeks, please let Mr. Paulsen know. We are excited to continue this program as we move into 2024-2025!
